4-H Computer Club and Fair App Committee

Computer Club

Objectives
Display computer club member projects. Do interactive computer club projects with fair attendees. Provide education and answer questions about all computer related topics, including hardware, software, and networking.

Rules
Members should provide a display for their project, which could be a poster, a computer with a display or any hardware that they would like to show. All members are encouraged to sit at the Computer Club display over the course of the fair to answer questions about their projects and any other projects or computer related topics.

Fair App committee

Objectives
Update the 4-H fair app in the months before the Fair. Work with the 4-H Fair organizers to include the updated schedule and club information into the app.

Rules
All members of 4-H are invited to participate in improving the app, through many activities, including design ideas, suggestions for new content, checking the beta version of the app, entering data, working with the 4-H Fair organizers and working on the app coding.

Rules and Requirements for Exhibition at the Fair
1. Be registered as a 4-H youth member on 4-H on-line
2. Attend 70% of all club meetings.
3. Set up the club booth in the Arts & Science Tent.
4. Help maintain the tent where the exhibit is located.
